Staffing Plan 2024

Our strategic staffing plan, emphasizes key roles in platform development, sales, logistics, delivery, support, and marketing. With a focus on *logitech* products and services, the plan aims to build a well-rounded team to drive innovation in last-mile, same-day, and next-day delivery.

Development Team (5-10 Developers):

Lead Developer (1):

- Oversee platform development;
- Coordinate with other team members;
- Ensure timely and quality delivery of features;

Frontend Developers (2-5):

- Responsible for the user interface and experience;
- Implementing designs and ensuring UX/UI best particles;

Backend Developers (2-5):

- Handle server-side logic and databases.
- Develop and maintain the core functionality of the platform.

Full Stack Developers (2-3):

- Combine frontend and backend responsibilities;
- Ensure seamless integration between different parts of the platform;

Sales Team (3-5 Logistics Specialists):

Sales Manager (1):

- Develop and execute sales strategies;
- Coordinate with logistics and marketing teams.

Logistics Sales Representatives (2-4):

- Identify and pursue business opportunities;
- Build and maintain client relationships;

Delivery Team (3-5 Drivers):

Delivery Drivers (3-5):

- Responsible for timely and safe deliveries;
- Maintain communication with customers and the logistics team;

Support Team (3-5 Support Personnel):

Customer Support Manager (1):

- Oversee the support team's operations;
- Develop and maintain support procedures;

Customer Support Representatives (2-4):

- Handle customer inquiries and issues;
- Provide assistance through various channels (chat, email, phone).

Marketing Team (1-3 Social Media Marketing Specialists):

Social Media Marketing Manager (1):

- Develop and implement social media strategies;
- Monitor and analyze social media trends;
