Date: **February 25, 2026**

To: **Immigration, Refugees and Citizenship Canada (IRCC)**

My name is **Guilherme Caram Pereira de Mello, UCI 1134356249**. I am 23 years old and a Brazilian citizen currently residing at Rua Brigadeiro Eduardo Gomes, 82, Lagoinha, São Sebastião do Paraíso, Minas Gerais, Brazil.

I am respectfully applying to extend my stay in Canada as a visitor in order to continue spending time with my parents and sister, who have been living in Kitchener, Ontario, since December 2022 under a valid temporary resident status while awaiting a decision on **our Permanent Residence application submitted on August 16, 2022. I am included as a dependent in that application.**

When my family relocated to Canada, I chose to remain in Brazil to pursue my academic goals. I was accepted into a federal university and later began an additional academic program. I have since successfully completed my postgraduate degree through online studies while maintaining my residence and strong personal and professional ties in Brazil. My long term plans remain connected to Brazil unless and until our Permanent Residence application is approved.

The purpose of this visit is purely temporary and family-oriented. After nearly three years of living apart, spending time together as a family is very important to us. During my stay, I will reside with my parents at their home in Kitchener. My father will provide full financial support, as confirmed in the attached Letter of Support.

I completed my biometrics in June 2024 as part of our Permanent Residence application, and I understand that these may remain valid for this application.

I fully understand and respect the conditions of visitor status in Canada. I am not authorized to work or study without proper permission, and I will comply with all immigration regulations. I confirm that this visit is temporary, and I will depart Canada before the end of my authorized stay.

Thank you for your time and consideration.

Sincerely,

Guilherme Caram Pereira de Mello
