Dear OLAVO PEREIRA DE MELLO NETO,

Your application to stay in Canada as a temporary resident has been approved. Your permit has been mailed to you at the address you gave us when you applied.

If you have not received your permit within six weeks from the date of this letter, contact us by completing this Web form (http://www.cic.gc.ca/english/contacts/web-form.asp).

Please note that **this letter is a notification only**. It is **not valid for travel and is not a permit** allowing you to stay in Canada.

Document to travel to Canada or re-enter

A study or work permit is not a travel document. To allow you to travel to or re-enter to Canada by **air only**, we issued you an Electronic Travel Authorization (eTA) when we issued your permit extension. Your eTA is electronically **linked to the passport that you used to apply** for your permit renewal. You must travel with this same passport. If you get a new passport, you will need to get a new eTA.

To learn more about eTA, visit Canada.ca/eTA (http://www.cic.gc.ca/english/visit/eta.asp).

Please note that as per the Immigration and Refugee Protection Regulations (IRPR), a valid medical examination is required if you are seeking to work in certain occupations in which the protection of public health is essential. Please review the following page to find out more about such occupations: Medical exams for visitors, students and workers

If you do not have valid medical results you may have received condition 15 or 16 printed on your permit stating “Not authorized to work in 1) child care, 2) primary or secondary school teaching, 3) health services field occupations (**condition 15**), 4) agricultural occupations (**condition 16**)”. If you wish to remove these conditions on your Permit, you will need to complete a medical examination and then, you must submit a new application. You also need a valid medical exam if you are coming to Canada for more than 6 months and you lived in one or more of these countries or territories for at least 6 months in a row within the last year.

You may still need a visa

If you plan to arrive in Canada by **car, bus, train or boat**, or any combination of these modes of transportation, you will need a visa. If you already have a valid Canadian visa, you may use it until it expires.
