To Whom It May Concern,

Subject: Confirmation of Participation – Bringfy Inc.

This letter confirms that **Bringfy Inc.** has been an active participant in the **Brilliant Catalyst Start-Up Visa Program** delivered under the **Office of the Vice-President, Research and Innovation at Ontario Tech University**. Since joining our incubation program, Bringfy has shown sustained engagement, consistent progress, and a high level of professionalism in developing its business operations in Canada.

Throughout its incubation period, Bringfy Inc. has:

- Participated in a comprehensive **series of workshops and mentorship sessions** covering topics such as *fundraising, investment readiness, accounting and financial planning with BDO, Canadian legal and IP frameworks with Torys LLP, marketing and branding, data management, and scaling operations.*
- Received **technical guidance and commercialization support** through Brilliant Catalyst's internal expert network and **Bluekey Consulting**, with a focus on strengthening their MVP, refining sales strategy, and converting leads into customers.
- Attended multiple specialized sessions including *Introduction to MITACS, Managing Failures, Patent Strategy and Assessment, Canadian Business Culture, Legal Overview for Founders, Government Grants Navigation, Market Research and Product Market Fit with Lightster, and Driving Revenue Through Strategic Alliances.*
- Taken part in a **Software/Hardware Advisory Meeting** to obtain feedback on product development, performance optimization, and portfolio enhancement.
- Joined Brilliant Catalyst at **Collision Conference 2023**, one of North America's largest technology and innovation events, providing Bringfy with significant exposure, mentorship, and partnership opportunities.

Since joining the program, **Bringfy Inc.** has achieved substantial entrepreneurial and technological progress. Originally founded in Brazil under the name *e-Carreto*, the company successfully transitioned to Canada, building a **fully functional MVP** that includes a **B2B logistics management platform** and companion mobile applications for both clients and drivers, integrating with their existing B2C platform in Brazil. They have since decided to launch their B2C services in Canada after validating local market potential.

Bringfy's accomplishments include:

- Development and integration of B2B and B2C platforms (2023);
- Partnerships with **SELC College** and **Communitech**;

- Receipt of major technology sponsorships: **Micr osoft (USD $150,000)** and **AWS for Startups (USD $5,000)**;
- Collaboration with **Riipen's ICT Ignite+ Program** supporting cybersecurity internships;
- Recognition among the **Top 10 Logistics Providers in Latin America (2024)** by *Logistics and Transportation Review LATAM*;
- A **joint venture with DeliveryIt and e-Carreto** expanding operations across the Americas;
- Becoming a **BlackBerry Development Partner (2025)** to integrate Bringfy's logistics software with enterprise-grade security technologies.

Bringfy continues to target **small and medium-sized enterprises (SMEs)** seeking efficient, affordable, and sustainable delivery solutions. The company maintains a dedicated and growing team across technology, operations, and sales to ensure long-term scalability.

Bringfy has also demonstrated strong **social and environmental leadership** through its **Donations Deliveries initiative**, leveraging its platform to connect donors and recipients, promoting community welfare and green logistics practices that reduce environmental impact.

Brilliant Catalyst recognizes Bringfy Inc. as an exemplary international startup demonstrating innovation, execution, and growth—fully aligned with the objectives of the **Start-Up Visa Program**. The company remains in **good standing** with our incubator and continues to receive mentorship and support toward full market entry and scale-up in Canada.

Should further information be required regarding Bringfy's participation or progress, please feel free to contact our office.

Best regards,

Osman Hamid
